

Abdul Rashid

ID: [redacted] **Nationality:** Pakistani **Date of birth:** 01/05/1965

Place of birth: Faisalabad, Pakistan **Gender:** Male

Phone number: [redacted] **Email address:** [redacted]

Home: 05 Gulfishan Colony, University of Agriculture, Faisalabad. , 38000 Faisalabad (Pakistan)

ABOUT ME

Field of Specialization:
Plant Pathology, Epidemiology of Plant Diseases, Plant Nematology and Plant Bacteriology for Cotton, Wheat and Rice Crops. Project Management, Capacity Building Expert, Entrepreneurial Ecosystem Promotor, Monitoring & Evaluation (M&E) of Research Projects
HEC Approved PhD Supervisor:
Higher Education Commission (HEC) vide No. 1-61/HEC/HRD/AGR/2011/82 (11) dated: April 7, 2015, selected as HEC Approved Ph.D. Supervisors.
Scientific Publications:
More than 75, scientific publications published in scientific Journals
More than 80 Urdu publications published in News Papers, Magazines etc.

HONOURS AND AWARDS

[2011] Agriculture Reform Movement (ARM) Pakistan, Lahore
ARM EXCELLENCE AWARD & GOLD MEDAL -2011
This award was provided on account of outstanding performance in the agriculture sector for the betterment of the farming community.

WORK EXPERIENCE

ORIC, UAF – Faisalabad, Pakistan

City: Faisalabad | **Country:** Pakistan

Manager Research Management/Additional Director

- Custodian of 2500 million PKRs, Research Portfolio of the University's Research
- Internal Monitoring of Ongoing Projects
- Ensuring consecutive Top Position in all the ORICs in Pakistan for three times, 2022, 2023 and 2024 recorded a hat trick and ensured "W" category in all ORICs of Pakistan.
- Devising and implementation of a framework for research projects, commissioned research, collaborative research and consultancy projects
- Facilitation under the University domain for conducting hands-on training, workshops, seminars, symposia and sharing of research outcomes through outreach events.
- Arranging and managing professional training for faculty, students and civil society
- Facilitation to faculty and students for accessing the Access to Scientific Instrumentation programs by HEC and PCSIR for sample analysis across the country.
- Extending Partial Research Support to Post Graduate Students out of ORIC overhead
- Sharing data to HEC for ORIC and UAF Ranking from 2012 to 30-04-2025.
- Contribution to the devising of UAF-Research Policy, UAF-Commercialization Policy, UAF-Project Execution Policy and Consultancy Policy for faculty members as service providers

- Recognition of UAF Labs to provide analytical services to the researchers and civil society in a commercialized mode at uniform rates with a uniform share distribution policy for all labs through a well-defined system and authentication of lab results.
- Devising a researcher-friendly system for enhancing research publications by reimbursing publication charges to the faculty members

Institutional Biosafety/Bioethics Committee (IBC) UAF – Faisalabad, Pakistan

City: Faisalabad | **Country:** Pakistan

UAF Biosafety Officer

[11/09/2019 – 30/04/2025]

Working to carry out the day-to-day affairs of the IBC with vide No. PS-5/426/16744-50.

ORIC News, UAF – Faisalabad, Pakistan

City: Faisalabad | **Country:** Pakistan

Editor

[01/04/2016 – 30/04/2025]

Worked as an editor (on a fortnightly basis). The newsletter is being published as an electronic distribution.

Office of Research Innovation & Commercialization (ORIC) University of Agriculture, Faisalabad – Faisalabad, Pakistan

City: Faisalabad | **Country:** Pakistan

Associate Professor

[01/06/2004 – 30/04/2025]

Member Hall Senate, UAF – Faisalabad, Pakistan

City: Faisalabad | **Country:** Pakistan

Associate Hall Warden

[26/10/2018 – 28/07/2021]

Pest Warning & Quality Control of Pesticides, – Multan & Chiniot, Pakistan

City: Multan & Chiniot | **Country:** Pakistan

Agricultural Officer (Plant Protection)

[16/05/1991 – 01/06/2004]

EDUCATION AND TRAINING

Ph.D.

University of Agriculture, Faisalabad [1997 – 2000]

City: Faisalabad | **Country:** Pakistan | **Field(s) of study:** Plant Pathology | **Thesis:** Characterization of Epidemiological Factors Conducive for Cotton Bacterial Blight disease development & its Management.

M.Sc. (Hons.) Agriculture

University of Agriculture, Faisalabad [1989 – 1991]

City: Faisalabad | **Country:** Pakistan | **Field(s) of study:** Plant Pathology | **Final grade:** 3.62/4.00 | **Thesis:** Study of Different Factors Influencing the Epidemiology of Seed Gall Nematode of Wheat (Anguina tritici).

B.Sc. (Hons.) Agriculture

University of Agriculture, Faisalabad [1985 – 1989]

City: Faisalabad | **Country:** Pakistan | **Field(s) of study:** Plant Pathology | **Final grade:** 3.05/4.00

F.Sc Pre-Medical

Govt. College Jhang [1981 – 1983]

City: Jhang | **Country:** Pakistan | **Final grade:** 621/1100

Matric (Science)

Govt. Islamia High School Rajana, Dist. T.T. Singh [1979 – 1981]

City: Toba Tek Singh | **Country:** Pakistan | **Final grade:** 662/850

NETWORKS AND MEMBERSHIPS

Department of Plant Pathology, University of Sargodha, Sargodha, Pakistan.
Member Board of Studies

Member Research Project Review Panel of Various Sponsoring Agencies
The Punjab Agricultural Research Board (PARB), the Higher Education Commission (HEC), and the Agricultural Linkage Program (ALP) of PARC have placed me as a member of the Research Projects Review Panel.

3 Scientific Journal
Sub-Editor/Co-Editors/Member Editorial Board

Akhuwat Steering Committee, Faisalabad Division
Executive Member
The world's largest NGO working on zero interest for microfinances for small and medium loans to start small businesses or expand already running businesses.

Administrative / Advisory Services Worldwide and at UAF

- Member of the Editorial Advisory Board, International Journal of Phytopathology.
- Member of the Editorial Advisory Board, Journal of Economic Impact.
- Member Editorial Board, Journal of Plant Protection ISSN: 2617-1287 (Online) ISSN: 2617-1279 (Print).
- Superintendent, Jinnah Hall, UAF from August 20, 2008, to February 2014.
- Superintendent Faisal Kashmir Hall February 2014 to March 2016.
- External Examiner (Superintendent) to conduct exams for Diploma in Agricultural Sciences (DAS) at Chak 5 Faiz (Pak German Institute), Bahawalpur Road, Multan, affiliated with UAF during May 2007.
- External Examiner of Practical Examination for the Condensed course of Field Assistant/Agricultural Inspectors at Lahore from 10.04.2008 to 12.04.2008.
- External Examiner (Superintendent) to conduct exams for Diploma in Agricultural Sciences (DAS) at Barani Agriculture Training Institute, Dahgal, Rawalpindi, affiliated with UAF from March 16-26, 2010.

UAF

Founder Member of Following Directorates/Centers

- **Office of Research Innovation & Commercialization(ORIC), UAF Topmost in Pakistan for the last three years consecutively, 2022-22, 2022-23 and 2023-2024**
- **Directorate of Student Financial Aid & University Advancement**
- **Directorate of Endowment Fund, UAF (**More than 100 million PKRs Endowment Fund)
- **Directorate of Professional Training & Skill Development (**More than 1500 Govt. of the Punjab officers have been trained for their Promotion Related Mandatory Trainings and more than 17 million PKRs earned as revenue for the university and Govt. of the Punjab has invested Rs.234 million for the establishment of Training Hall and Rest House for the trainees after soliciting concrete feedback from the passed out trainees).

[2024 – Current] Academia-Industry Linkage Standing Committee, Faisalabad Chamber of Commerce & Industry (FCCI)

Executive Member

[15/02/2022 – 15/02/2022] Video Conference Room, University of Sargodha

External Examiner for PhD Student

Participated as External Examiner for the PhD Viva Voce/Open defense of PhD thesis (Ms. Faheema Bakhtawar).

[21/02/2021 – 21/02/2021] Committee Room, Vice Chancellor's Office, University of Sargodha

Member Selection Board

Participation as a Subject Expert (Plant Pathology) in the meeting of the Selection Board, University of Sargodha, for the appointment of Assistant Professors of Plant Pathology.

TEACHING EXPERIENCE

PhD. Students Supervised as Co-Supervisor

- **Yasir Iftikhar**, 96-ag-1655 (Student of Plant Pathology). His thesis topic is "Serological, Biochemical and Molecular characterization of Citrus Tristiza Virus". (Result declared vide No.CE/PA/1048-66,dated 01-04-2009)
- **Muhammad Shafiq**, 86-ag-1108 (Student of Plant Pathology). He has defended his thesis. His thesis topic is "Physicochemical characterization of Ervinias associated with black leg of potato and its management" (result notified by No.CE/PA/1899-1917, Dated 19-06-2013).
- **Kazim Ali,** 2005-ag-1523, (Ph.D. student of Agri. Entomology). He has passed his PhD exams. on characterization of esterases and phosphatases of *tribolium castaneum, trogoderma granarium* and *sitophilus granaries* treated with extracts of indigenous medicinal plants. 2016 Notification No. CE/PA/4106-4105; August 1,2016.

PhD Students Examined as External Examiner Comprehensive Exam (Oral part) (Vice Chancellor Nominee)

- **Mr. Asghar Ali**, 2012-ag-2878, PhD Agriculture Extension, Institute of Agri. Extension and Rural Development. Exam held on 03-11-2020 (02:00 pm) at Video Conference Room, NIFSAT UAF
- **Mr. Muhammad Mobeen Khadim**, 2011-ag-3342, PhD Agriculture Extension, Institute of Agri. Extension and Rural Development. Exam held on 11-11-2020 (02:00 pm) at Video Conference Room, NIFSAT UAF

M.Sc. (Hons.) Agri. Students Supervised as Major/Principle Supervisor

- **Muhammad Shah Jahan,** 2005-ag-1887 (Student of Plant Pathology). He has completed his degree with a thesis titled "Distribution of black chaff disease of wheat caused by *Xanthomonas campestris pv. translucens* in different ecological zones of Punjab and its management" vide No. CE/851/M.SWc., 2011, dated 30.09.2011 at Sr. 918.
- **Hafiz Arslan Anwar,** 2005-ag-1757 (Student of Plant Pathology). He has completed his degree on the research title "Studies on the incidence of bacterial leaf spot of mango caused by *Xanthomonas mangiferae indicae* in Multan and its sensitivity to various fungicides and bio-products. 2012.
- **Muhammad Abu Bakar Fahad,** 2005-ag-1897 (Student of Plant Pathology). He has completed his degree with the research title "Incidence of blackleg of potato caused by *Erwinia carotovora subsp. carotovora* in Distt. Chiniot and its management through bioproducts." (CE/1016/MSc 2011 Dated 30.11.2011).
- **Muhammad Sajid,** 2005-ag-1694 (Student of Plant Pathology). He has completed his degree on the research title "Reaction of bacterial blight on Bt. Cotton varieties/advanced lines and its management through chemicals and bio-products. Result notified (CE/347 MSc. 2012 Dated 30.06.2012).
- **Muhammad Usman Younas**, 2005-ag-1838. (M.Sc. Plant Pathology) "He has completed his degree on the research topic "Screening of chickpea varieties against Ascochyta blight and its management through biopesticides." The result was notified vide No. CE/1016/MSC.2011 Dated 30.11.2011.
- **Muhammad Awais,** 2006-ag-1345), Plan Pathology. He has completed his degree; the research title "Evaluation of sources of resistance in rice germplasm against bacterial leaf blight disease and its management through bio-products" resulted in notification vide no. CE/364/M.Sc., 2013, dated 15.05.2013.
- **Ahmed Irshad** (2005-ag-1941), Plant Pathology. He has written his thesis on the research title "Prevalence of bacterial blight in cotton, its epidemiological factors conducive for disease development and management through plant extracts." The result was notified vide No. CE/364/M.Sc., 2013, dated 15.05.2013.
- **Rehman Fakhar** (2006-ag-1905) Plant Pathology. He has submitted his thesis on "Management of bacterial blight of cotton (*Xanthomonas campestris pv. Malvacearum)* through plant extracts and its impact on yield of BT cotton varieties. Result notified No. CE.863, dated 28.08.2012.

M.Sc. (Hons.) Agri. Students Supervised as Co-Supervisor (2nd Member)-1

- **Muhammad Irfan Ali,** 2003-ag-1890 Plant Pathology. He has completed his coursework and research on the topic "Epidemiology of Okra Yellow Vein Mosaic Virus & Its Management Through Tracer, Mycotal and Imidacloprid" (result declared).
- **Sajjad Hussain,** 2003-ag-1918 Plant Pathology. He has completed his thesis on "Incidence of Mungbean Yellow Mosaic Virus (MYMV), Its Epidemiology, and Management Through Tracer, Mycotal and Imidacloprid." (result declared).
- **Saif Ullah,** 2003-ag-1542 Plant Pathology. He has completed his thesis on "Screening of Potato Germplasm against Early Blight, Its Epidemiology, and Management." (The result has been declared).
- **Majid Sohail,** 2006-ag-1747 Plant Pathology. He has completed his thesis on the title "Identification of resistant source in wheat germplasm against leaf and stripe rust in relation to epidemiological factors." (Result declared 2012).
- **Abdul Mateen** 2011-ag-12 Plant Pathology. He has completed his thesis on "identification of leaf and yellow rust virulence patterns on wheat germplasm in relation to environmental conditions in Faisalabad" (Result declared in 2013).
- **M. Athar Nawaz,** 2006-ag-1844 Plant pathology. He has completed his thesis on "Impact of Environmental Factors conducive to powdery Mildew of Pea and its management (Result declared in 2012)
- **Sehrish Kanwal,** 2005-ag-1392 Agri. Entomology. She has completed her thesis on "entomocidal repellent and antifeedant activities of two aromatic plant extracts against T*rogoderma granarium* (Everts) and *Rhyzopertha dominica* (F.) (Result declared in 2011).
- **Sidra-tul-Muntaha,** 2005-ag-1393, Agri. Entomology. She has completed her thesis on "Some studies on the inhibitory effect of essential oil extracts of *Ocimum basilicum, Melia azadirachta,* and *Zingiber officinale* on the development of *Callosobruchus maculatus* and *Rhyzopertha dominica" (*Result declared in 2011).
- **Hijab Gulraiz,** 2005-ag-1462 Agri. Entomology. She has completed her thesis on "insecticidal activity of five medicinal plant extracts (*Paganum harmala, Salsola baryosma, Nigella sativa, Ferula asafoetida,* and *Mentha longifolia*) against *Tribolium castaneum* (Coleoptera: Tenebrionidae) (Result declared in 2011).
- **Amina Shafiq,** 2005-ag-1793 Agri. Entomology. She has completed her thesis on "biodiversity of lepidopterous species in the agro-forest area of Kasur." (Result declared in 2011).
- **Abid Rasool,** 2005-ag-1635 Agri. Entomology. He has completed his thesis on "potential of some medicinal plant extracts (F*umeria indica, Viola odorata*, and *Linium ustatisum*) against *Tribolium castaneum* (HBST) (Coleoptera: Tenebrionidae) (Result declared in 2011).
- **Arfan Nazir,** 2005-ag-1796 Agri. Entomology. He has completed his thesis on "comparative efficacy and growth inhibitory effects of *Eruca sativa* (Mill.), *Piper nigrum* (L.) and *Withania somnifera* (L.) against *Trogoderma granarium* (Everts) (Coleoptera: Dermestidae) (Result declared in 2011).
- **Rajab Hussain,** 2005-ag-1841 Agri. Entomology. He has completed his thesis on "assessment of insect pest population and their losses on citrus orchards in Faisalabad (Result declared in 2011).
- **Sana Ullah Saqi,** 2005-ag-1722 Agri. Entomology. He has completed his degree titled "Efficacy of spirotetramat, thiamethoxam, imidacloprid, bifenthrin and acetamiprid against the dusky cotton bug, Oxycarenus ractus, under laboratory conditions." (Result declared in 2011)
- **M. Javed Iqbal,** 2005-ag-1503 Agri. Entomology. He has completed his thesis on "seasonal outbreak of fruit weevil and gall formation on lassora" (Result declared in 2011).
- **Kazam Ali,** 2005-ag-1523 Agri. Entomology. He has completed his thesis "Transovarial activity of essential oils extracted from some medicinal herbs on egg hatch and subsequent development of larvae of *Tribolium Castaneum* (HBST) *(Coleoptera: Tenebrionidae)" (result* declared in 2011).

M.Sc. (Hons.) Agri. Students Supervised as Co-Supervisor (2nd Member)-2

- **Qazi M. Rizwan,** 2009-ag-561 (Student of Plant Pathology). He has completed his degree.
- **Hafiz M. Imran,** 2009-ag-588 (Student of Agri. Entomology). He has completed his degree.
- **Ishtiaq Ahmad,** 2010-ag-40 (Student of Biochemistry). He has completed his degree.
- **Adeel Sarwar,** 2006-ag-1335 Agri. Entomology. He has completed his thesis on "Efficacy of diatomaceous earth (DE) and fipronil against *Periplaneqta Americana* L. (*Dictyotera Blattidae*) (result declared in 2012).

- **Farooq Arshad,** 2006-ag-1353 Agri. Entomology). He has completed his thesis on “Persistence and efficacy of diatomaceous earth and Metarhizium anisoplae against *Tribolium cartaneum*, *Rhyzoperth dominica* and *Sitophil us grunarius* on different stored grains (result declared in 2012).
- **Sajawal Niaz,** 2006-ag-1926 Agri. Entomology. He has completed his thesis on the topic “Pop. Dynamics of Pyrilla persubil and Epricenia melanelluca on Ratoon crop of sugarcane in District Faisalabad and Toba Tek Singh. (Result declared in 2012).
- **Zahid Rasool,** 2014-ag-4758 Plant Pathology. He has completed his thesis on the title “Analysis of different chemicals and nutrients to manage *Fusarium* wilt of chilies.” (Result announced in 2020)
- **Ahtisham ul Haq,** 2015-ag-6525 Plant Pathology. 2024-25.
- **Tahreem Shabbir,** 2018-ag-6691 Plant Pathology. 2024-25.

SKILLS

Microsoft Office / Google Applications (Google Map, Google Earth) / interact verbally in English / Zoom / Social Media / Good listener and communicator

CONFERENCES AND SEMINARS

1

1. Attended a seminar "Caring for Soils: Measure, Monitor and Manage" held in 2024.
2. Attended a seminar on "Fertilizer Management for Profitable Wheat Cultivation under a Changing Climate."
3. Awareness seminar on "GM soybean and potential of soybean cultivation in Pakistan," held in 2023.
4. Attended a seminar "one-day seminar on capacity building training standardization of brassica and sunflower seed production," held in 2023.
5. Attended a seminar on "Pulses improvement in Pakistan, challenges & opportunities," held in 2023.
6. Attended a seminar on "biotic and abiotic stress distinctly derive from the phyllosphere microbial community structure" held in 2023.
7. Attended seminar on "crop diversification through soyabean cultivation to ensure food security," held on October 25, 2022.
8. Attended seminar on "crop diversification through sesame cultivation and quality production," held on September 29, 2022.
9. Participated in international conference on “Smart Plant Protection” organized by Institute of Plant Protection, MNS-University of Agriculture, Multan, Pakistan on January 27-28, 2021.
10. Participated in ICDD conference on “Linkages, Value Chains and Development along the Rural Urban Interface” organized by ICDD, University of Kassel, Germany & ORIC, University of Agriculture, Faisalabad on January 9-12, 2014.
11. Attended the conference on “Prospects and challenges to sustainable agriculture” held at University of Poonch, Rawalakot on July 11-13, 2012.
12. Participation in the conference on “Challenges and options of plant health management” at the 8th National Conference of Pakistan Phytopathological Society on November 28-29, 2011.

PROJECTS

Section 1

1. Four Weeks Professional Training (Research Wing and PW&QCP) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept as Coordinator with a total cost of 3.78 Million (84 Participants) from February 20, 2023 to March 17, 2023.
2. Four Weeks Professional Training (Research Wing. & PW&QCP), Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept as Coordinator with a total cost of 1.48 Million (91 Participants) from November 28 to December 23, 2022.

3. Four Weeks Professional Training (Ext. & AR and Soil Conservation), Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Ext. & AR) as Coordinator with a total cost of 2.52 Million (63 participants) from October 24 to November 18, 2022.
4. Newly Inducted Faculty Colloquium for Capacity Sharing with Colleagues and UAF Management as PI with a total cost of Rs. 0.480 Million from September 17-24, 2022.
5. Four Weeks Professional Training (Ext. & AR and Soil Conservation), Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Ext. & AR) as Coordinator with a total cost of 2.64 Million (66 participants) from September 19, 2022 to October 14, 2022.
6. Four Weeks Professional Training (Crop Reporting Service), Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Crop Reporting Service) as Coordinator with a total cost of 2.90 Million (83 participants) from August 01, 2022 to September 02, 2022.
7. Four Weeks Professional Training (Ext. & AR and Crop Reporting Service), Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Ext. & AR) as Coordinator with a total cost of 2.76 Million (79 participants) from June 20, 2022 to July 22, 2022.
8. Four Weeks Professional Training (Res. Wing) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Res. Wing) as Coordinator with a total cost of 1.125 Million (25 participants) from May 16, 2022 to June 10, 2022.
9. Four Weeks Professional (Ext. & AR and P&EC) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Ext. & AR) as Coordinator with a total cost of 1.81 Million (71 participants) from May 9, 2022 to June 03, 2022.
10. Four Weeks Professional Training (Ext. & AR) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Ext. & AR) as Coordinator with a total cost of 1.61 Million (64 participants) from February 07, 2022 to March 04, 2022.
11. Four Weeks Professional Training (Ext. & AR) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Ext. & AR) as Coordinator with a total cost of 1.43 Million (57 participants) from January 03, 2022 to January 28, 2022.
12. Four Weeks Professional Training (Research Wing) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Res. Wing) as Coordinator with a total cost of 1.43 Million (57 participants) from October 26, 2021 to November 20, 2021.

Section 2

1. Four Weeks Professional Training (Research Wing) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Dept (Res. Wing) as Coordinator with a total cost of 1.99 Million (79 participants) from September 13, 2021 to October 7, 2021.
2. Series of Webinars on Biosecurity and IBC (i. February 22, 2021, ii. February 26, 2021, iii. March 01, 2021, iv. March 05, 2021, v. March 08, 2021, vi. March 12, 2021, vii. March 15, 2021) by Health Security Partner USA as Coordinator with a total cost of Rs. 0.45 M from February 22 to March 15, 2021.
3. Four Weeks Professional (Research Wing) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Department as Coordinator with a total cost of Rs. 0.934 M (87 participants) from February 17, 2020 to March 13, 2020.
4. Four Weeks Professional (Research Wing) Govt. of the Punjab at UAF by Govt. of the Punjab Agri. Department as Coordinator with a total cost of Rs. 0.79 M (54 participants) from January 20, 2020 to February 17, 2020.
5. Certificate of appreciation as Seminar Coordinator on “Biosafety measures in agriculture: issues and options” (Plant Sciences and Animal Sciences) by Punjab Agricultural Research Board (PARB) and ORIC-UAF as Coordinator with a total cost of Rs. 0.455M, project approved and seminar conducted on March 19-20, 2019.
6. Professional Development of Teachers, Transforming English Language Skills (TELS): English for Academic Purposes (EAP) by HEC as Coordinator with a total cost of Rs. 0.164M, project approved and course conducted from December 12-14, 2017.
7. Capacity building training for security staff at UAF by UAF as Course Coordinator with a total cost of Rs. 0.413M, project approved and workshop conducted from September 19-27, 2017.
8. Capacity building training for security staff at UAF by UAF as Course Coordinator with a total cost of Rs. 0.413, project approved and workshop conducted from July 24-August 01, 2017.
9. Workshop on Biosafety Measures in Agriculture by Punjab Agricultural Research Board (PARB) as Coordinator with a total cost of Rs. 0.435M, project approved and workshop conducted from February 21-22, 2017.

10. Professional Development of Teachers, Transforming English Language Skills (TELS) by HEC as Coordinator with a total cost of Rs. 0.241M, project approved and course conducted from January 23-27, 2017.
11. Raising Hepatitis Awareness Among School and College Children for Healthier Future by HEC under Social Integration Outreach Program as Co-PI with a total cost of Rs. 1.00 M, 6 months completed in 2017 (started June 2016).
12. Internship Program for Students of Under-graduate Degree Programs by Govt. of the Punjab, Agriculture Dept. as Co-Principal Investigator with a total cost of Rs. 42.64M, 36 months completed from 2005-2009.

WORKSHOPS AND TRAININGS

Section 1

1. For GMO research, submission of on-line application (hands on training) by National Biosafety Committee (NBC) by National Biosafety Committee (NBC) Islamabad on April 22, 2025.
2. Series of Capacity Building Trainings at UAF Constituent Colleges, T.T. Singh, Burewala (Vehari) and Depalpur (Okara) by ORIC and BIC, UAF as Resource Person on April 15-16, 2025.
3. In-House Training for ISO-17025 Certification for UAF-Labs by ORIC and Central Hi-Tech Lab from December 26-27, 2024.
4. Activity-based hands-on training workshop for Lab staff on various equipment in the labs at UAF by ORIC and Central Hi-Tech Lab on November 12, 2024.
5. Capacity Building Workshops for Early Career Researchers (APs and Lecturers) at UAF by ORIC-UAF, as Resource Person from July 30-31 and August 1, 2024.
